BEVERIDGE WINS SENATORIAL NOMINATION

OVER SENATOR NEW, PRESENT INCUMBENT, FRIEND OF HARDING

BEVERIDGE CLAIMS VICTORY BY 30,000; TWO-THIRDS OF STATE REPORTED

REPORT CREATES CONSTERNATION IN REPUBLICAN SENATORIAL CIRCLES

(By United Press.) Indianapolis, May 3.—Albert J. Beveridge lead Senator Harry F. New for the republican nomination for United States senator in Indianapolis by 15,862 votes in the tabulation up to 1 o'clock this afternoon.

With 2,435 precincts out of 3,382 in the state reported, the vote was: Beveridge, 133,514; New, 117,652.

Beveridge claimed the victory by 30,000 votes on the basis that out of the present returns he was leading New by 10,000 with the rural districts yet to be heard from.

New's manager placed his final hopes on the Indianapolis negro vote yet to be reported.

Republican Senators Surprised

Washington, May 3.—Partial returns on the Indiana senatorial primaries created a near panic in republican senatorial ranks today.

Sensors were amazed and incredulous over the news that the returns from half of the state showed Beveridge more than 18,000 in the lead over Senator Harry F. New.

The fact that many of the precincts yet to be reported are from sections where Beveridge should be strongest added to the gloom of New's friends. Senator Jim Watson, New's colleague, was surrounded by an eager group the minute he appeared in the senate. New, Watson said, continued certain that the total count would show him victor for nomination.

If New loses, his defeat will be interpreted as a direct slap at the Harding administration.

BEVERIDGE LEADS IN IND. PRIMARIES

WITH HALF THE VOTES COUNTED HE HAS 5,000 PLURALITY OVER NEW

(By United Press.) Indianapolis, Ind., May 3.—With more than half of the votes counted, Albert J. Beveridge was leading Henry S. New, incumbent, and friend of President Harding, for the republican nomination for United States senate today by 5,658 votes.

The vote in 1,368 precincts out of 3,382 in the state, gave Beveridge 69,376 and New 64,718.

Supporters of Beveridge claimed the election by 15,000.

The heavy New stronghold at Marion county was tabulated and supporters of the senator were confident that the votes in Marion county when completed would give him the nomination.

MAY 10TH LAST DAY FOR FILING JUNE PRIMARIES

(By United Press.) St. Paul, May 3.—May 10th is the last day for filing for the June primaries for legislative, congressional or judicial officers, Mike Holm, secretary of the state, announced today.

All candidates from districts which are within a single county must be filed with the county auditor by May 29th.

Registry days in cities of the first class are June 5, June 12, June 19 and October 28th. The primary election is June 19th. The general election will be November 2.

In cities of the second and third class, registry days are June 19, October 24, and October 31.

No registry is required in towns and villages.

POLICEMAN SHOT IN REVOLVER BATTLE WITH BANDITS

(By United Press.) St. Paul, May 3.—One man suspected of being implicated in the shooting of Patrolman Frank Kunzman last midnight was questioned by police today. Kunzman was seriously wounded in a revolver battle with two bandits who attempted to hold up Tom Skwere's saloon.

The bandits had lined up the two men in the saloon and when Kunzman entered with Patrolman Henry Schoeveller, the bandits ducked behind a counter and started firing. Kunzman dropped with a bullet in each hip. Schoeveller emptied his gun and while reloading, the bandits escaped through the back door.

A trail of blood led police to believe one of the bandits was wounded.

CHINESE DUPLICITY TO BE TESTED BY THE COURT

(By United Press.) St. Paul, May 3.—Chicken's blood and toad's tears will take the starch out of Chinese duplicity, and Judge Howard Wheeler is planning to use both in a case here. Twenty-nine Chinese were in court today with what they called I. O. U.'s of May Hee, late leader of the Chinese colony.

Judith Moy Hee, widow of the rich chop house proprietor, asserted all the I. O. U.'s were made out after her husband was killed by an automobile.

Court officials are up against it. Handwriting experts who have solved many mysteries cannot make anything out of Chinese characters. They all look alike, no matter who makes them. The I. O. U.'s were presented along with the other claims against the Moy Hee estate. If they are honored by the court, the widow will be practically ruined financially.

Judge Wheeler has heard that a Chinaman would rather die than swear he is right with chicken's blood on a pen instead of ink. He may use this method in testing the validity of the slips of paper. To think it over, he continued the case ten days.

MELLON NEAR GATE, REPORT INSISTS

Washington, May 3.—Reports are current in Washington again that Andrew J. Mellon, secretary of the treasury, is going to resign in the near future. The latest revision of the report goes further, and says that Chas. G. Dawes, now director of the budget, will succeed to the treasury post in the Harding cabinet.

Mr. Mellon could not be reached to comment on the report, which in reliable quarters is given more credence than previous rumors. Mr. Dawes, however, denies the authenticity of the report in so far as he is concerned therewith and expressed grave doubt that Mr. Mellon contemplated resigning.

"There is nothing to it, so far as I am concerned," said Mr. Dawes. "I am going back to Chicago and my banking business after June 30. When I came here to take charge of the budget, it was with the understanding that I would remain a year. The year will be up in two months and I am going back home. That's all there is to that. I do not know anything about Mr. Mellon's plans, but I do not believe he is going to resign."

Notwithstanding Mr. Dawes' denial, it was asserted by an individual who often has reliable inside information about coming events that Mr. Mellon is going to resign and that the president will at least seek to persuade Mr. Dawes to succeed Mellon.

Certainty of bonus legislation which will ignore his advice to congress, and friction in the treasury department over removals and appointments, are said to be the underlying reasons for the reported desire of Mr. Mellon to retire.

Little Falls Woman Bruised

(By United Press.) Minneapolis, May 3.—Mrs. G. S. Fly, of Little Falls, was badly bruised yesterday when she stepped on a rope trailing behind a car driven by George Huebsch.

HAROLD E. NELSON ELECTED MAYOR OF ST. PAUL BY 13000

NEW COUNCIL INCLUDES ONLY TWO LABOR MEN — OTHER SUCCESSFUL CANDIDATES

(By United Press.) St. Paul, May 3.—Harold E. Nelson was elected mayor of St. Paul by more than 13,000 votes over William Mahoney, labor candidate, Tuesday.

Mr. Nelson succeeds L. C. Hodgson, poet-mayor, whose writing name "Larry Ho" has become well known.

The new city council includes only two labor men. William J. Peters led the council ticket. Herman Wenzel, James M. Clancy, Rev. L. R. S. Bergeson, were re-elected.

John McDonald and Frank W. Watson were fifth and sixth on the ticket respectively. Henry J. Crepeau, former chief of police of St. Paul, who fought a bitter fight with C. A. Smith for public safety commissioner, received a few more votes than Smith but both were defeated.

Judge John W. Fineout and Judge John W. Boerner were re-elected municipal judges.

Jesse Foote was returned as city comptroller by a majority of about 5,000 over William F. Scott.

HIGHWAY DEPT. JOINS DRIVE ON LICENSE SLACKERS

(By United Press.) St. Paul, May 3.—The state highway department today joined the drive for prosecution of automobile license slackers.

Commissioner Babcock conferred with Attorney General Hilton, and announced a plan whereby the entire highway department will aid in getting license slackers to time.

Commissioner Babcock will assign a number of his men for a week or ten days to check up on cars bearing last year's license. They will report them and have the slackers rounded up. The department will follow up the work all the year.

Between 30,000 and 40,000 cars are still operating without this year's license plates, it is estimated.

These owners will have to pay the license, a penalty for delay and court costs, and probably a fine in addition.

LINDBERGH INVITED TO RUN LEAGUE CAMPAIGN

Minneapolis, May 3.—Charles A. Lindbergh, former congressman and candidate of the Nonpartisan league for governor in 1918, has been asked to serve as campaign manager for the league in the coming Minnesota campaign, it was announced today by Ole Longshaug, chairman of the league's state committee. At league headquarters it was said Mr. Lindbergh has not agreed to serve, but has the matter under consideration. Thomas Vollom of Erskine, who had been chosen as campaign manager, has declined to act.

Mr. Lindbergh has lived at Little Falls and represented the sixth district in congress for 10 years. He wrote a book, "Why is Your Country at War," in 1917, which made the war a campaign issue in the primaries of 1918, and on that issue he was defeated for governor.

He lately has come to notice as one of the board of counselors of the Order of the Knights of Civilization, a secret society headed by William H. (Coia) Harvey and aiming to recast the economic system by doing away with interest on money and giving control of all credits to the government.

Investigating Resolution Is Favorably Reported

(By United Press.) Washington, May 3.—The Johnson-Woodruff resolution authorizing an investigation of alleged laxity on the department of justice in prosecuting war frauds was favorably reported to the house today by the rules committee. The vote was 6 to 5.

FREE STATE TROOPS DEFEAT INSURGENTS AT KILKENNY CATHEDRAL

(By United Press.) Dublin, May 3.—The battle for Kilkenny, the center of Ireland's civil war, went to the Free State forces early today.

Insurgents were driven from Kilkenny cathedral where they had fortified the tower, which commanded the city's approaches. Insurgents attacked the barracks at Ballaghy. One constable was killed. Reinforcements were brought up and the rebels driven off.

WEALTHY WOMAN 'ROBBED OF JEWELS' WORTH \$100,000

INCLUDED WAS BELIEVED TO BE THE LARGEST EMERALD IN EXISTENCE

(By United Press.) New York, May 3.—Upon the recovery of what is believed to be the largest emerald in the United States, and one of the largest in existence, police and private detectives of many cities today planned hope of finding thieves who robbed Mrs. Mitchell Harrison, wife of the sugar refiner, of \$100,000 in jewels. The robbery occurred Sunday while Mrs. Harrison, socially prominent in Philadelphia, New York and Washington, was enroute from Washington to New York where yesterday she sailed for Europe.

Mrs. Harrison personally packed her jewels in a traveling bag before boarding the train and on nearing New York set it out in the aisle while she put on her coat. When she reached for her bag it was gone.

Besides the huge emerald, the loot included a rare gold chain set with an emerald, ruby and diamond in two leaves, and a croix de guerre.

FAMOUS 'VAMP' MOURNS DEATH OF LATEST VICTIM

SAYS SHE DON'T KNOW WHY MEN RAN AFTER HER — BARES SOUL TO WRITER

(By WEBB MILLER (United Press Staff Correspondent.) Paris, May 3.—"I liked to pull the strings. I liked to play with all of them. Now I am through with men." It was midnight in Peggy Hopkins Joyce's boudoir, the most famous vamp of modern times, for whose love two men are said to have killed themselves, and as many times divorced, and who has run through a fortune totaling \$3,000,000 in 12 years, laid bare her soul.

She wept because she couldn't tell the secret of her fatal fascination. "I liked their admiration," Peggy cried. "It was life to me."

Ravishingly clad in a blue negligee, propped up in bed with lace and silks, the former show girl, divorced wife of J. Stanley Joyce, drank beer and brandy "by the doctor's orders to strengthen her nerves" and smoked incessantly as she talked, of men she knew, and their tragic endings.

"I don't know why men run after me," the girl who has had the most wealthy and most influential men of four continents at her feet, declared in answer to a question. "I cannot tell you the secret of my fascination. Never, no never, would I deliberately try to lure them into my net. I never meant to ruin their lives."

The latest of Peggy's victims is young William Errazuriz, Chilean youth, who shot himself in the rooms next to her suite on Sunday because she, according to Peggy, refused to marry him.

The tragedy has changed her life, the "million dollar siren" declared. "I have learned that I loved Billy," she said speaking of the Chilean youth. "And now it is too late. I loved him, but I played with him. I dangled him on a string just as I had many others. Oh, why did I do it?"

WILL FERRET OUT SLAYER OF DAUGHTER

(By United Press.) Hoopston, Ill., May 3.—W. T. Hanna formed a vigilance committee today to ferret out the slayer of his daughter Gertrude, church worker and teacher.

The father of the girl, whose body was found in the basement of the United Presbyterian parsonage four weeks after she disappeared, appealed to his friends to aid him in the looking for the slayer.

"The crime must not go unpunished," he said. "Justice must be done."

One of the first of Hanna's friends to join in the private investigation was John Weyman, betrayer of the girl.

THEY FINE 'EM IN MINNEAPOLIS

Minneapolis, May 3.—Motorists crowded Municipal Judge T. F. Salmon's court yesterday as 164 faced charges of traffic violation. Eighty-five paid \$1 a mile fines after being convicted of charges of speeding, the aggregate being \$2,760. Leo Seever, 218 Beacon street S. E. in court for the second time on a speeding charge, was fined \$40.

SUES KU KLUX KLAN FOR LIBEL

(By United Press.) Ft. Worth, Texas, May 3.—Suit for \$200,000 alleging libel was filed in federal court here today against the Ku Klux Klan by A. W. Sasse, of New Orleans, formerly of Fort Worth.

He alleged that after he became a member of the Klan, officials tried to force him to discharge an employee. He refused to do so, and charged that defendants "immediately conspired and tried to ruin plaintiff in reputation and in fortune." The defendants tried to get Sasse's wife to sue him for divorce, plaintiff charges.

SUBMIT SENATE DRAFT OF BONUS BILL TO HARDING

(By United Press.) Washington, May 3.—The latest draft of the McCumber bonus bill was completed today and will be submitted to President Harding within 24 hours.

The only thing delaying its immediate submission for the president's approval is the desire of some republican members of the finance committee to read over the measure in its latest form. Although the republicans agreed yesterday to let McCumber draw the bill and unite on its being put through some of them said that they might not be ready to accept it after they saw it on paper.

Bonus Cost.
Figures on the cost of the plan agreed on, submitted by committee experts, showed that the first year it would cost \$77,000,000. The second year \$920,000,000. The third \$73,000,000, the fourth \$376,000,000 due to the increased borrowing value. By 1943 the total cost would be \$1,136,000,000 and by 1966, \$3,845,000,000. By that time it is estimated, all annuities and cash redemptions would have been paid.

HARDING ASKS FOR \$500,000 TO PUSH WAR FRAUD INQUIRY

Washington, May 3.—A request for a special appropriation of \$500,000 to be used in prosecution of war fraud cases was sent to the house yesterday by President Harding. The budget communication explained that the fund would be used for investigating or prosecuting all cases, whether civil or criminal, growing out of the war.

MOWER COUNTY TREASURER SHORT \$3,000 IN ACCOUNTS

(By United Press.) St. Paul, May 3.—A shortage of \$3,000 in the Mower county treasury during the last two years was revealed today by Garfield Brown, state public examiner.

Brown said the shortage was due to a faulty system of bookkeeping used by S. A. Smith, county treasurer.

Brown returned from Austin today after examining the county books for the past two years. He announced he will examine the books for previous years soon.

Treasurer Smith failed to charge penalties to delinquent tax payers, and had disposed of duplicate receipts before turning them over to the county auditor, Brown stated. No charges have been filed against Smith.

BARGE SINKS AFTER BEING RUN DOWN BY STEAMER

(By United Press.) Duluth, May 3.—The tow barge Harriet B, sunk four miles west of Two Harbors here today, after being run down by the steamer Quincy A. Shaw. She sunk in five minutes. The crew of five men were saved.

The barge was enroute to Two Harbors with a cargo of pulp wood. A heavy fog prevented the Shaw from seeing her.

CHILD IS DEAD FROM OPERATION TO REMOVE PEANUT FROM THROAT

(By United Press.) Minneapolis, May 3.—Death of Ruth Bareados, aged 2, following an operation to remove a peanut from her throat, was reported to the health department today.

The child's heart was too weak to stand the operation. She was a daughter of Mr. and Mrs. Bareados of Royalton.

DISARMAMENT OF NATIONS URGED BY RUSS AT GENOA

AT SECOND PLENARY SESSION OF CONFERENCE—GERMANS SUPPORT RUSSIANS

REPORTS OF FINANCE AND THE TRANSPORTATION COMMISSIONS ARE ACCEPTED

(By United Press.) Genoa, May 3.—Disarmament of nations was brought up by Russia at the opening of the second plenary session of the Genoa conference today.

The delegates met to approve reports of the finance, transportation and economic commissions.

The first named report was approved, but George Tchitcherin objecting on behalf of the Russian delegation, declared: "Nations can only balance their budgets by a policy of peace. Reconstruction depends upon disarmament. Nations must put the world's interests before private interests or those of any one group."

The conference adopted the report of the transportation commission and adjourned at 12:30.

The economic commission report was to be discussed later. Walter Rathenau supported the stand of Tchitcherin regarding the necessity for disarmament.

He pleaded emotionally that nations must forget their attitude of belligerency and adopt the spirit of international co-operation. Powerful nations must help the weak, the German spokesman declared.

FLAMES THREATEN TREASURY BLDG.

PORTION OF ROOF DESTROYED—DAMAGE IS ESTIMATED AT \$100,000

(By United Press.) Washington, May 3.—The United States treasury, world's greatest money store house, was threatened by fire of a mysterious origin early today. A portion of the roof was destroyed. Damage was estimated at \$100,000. This is the fifth strange fire to break out in Washington recently.

Flames 40 feet high came from the roof. An explosion occurred in the room where chemicals used in making treasury blueprints are stored. It was denied that the chemicals used in testing bootleg liquor blew up.

The flaming building aroused President Harding who watched the blaze from the White House window, and a cordon of marines held back the crowd.

The fire destroyed much of the new superstructure which was being built on the roof of the building to give more room.

For more than an hour, flames shot up from the building. The only information obtainable was that no securities were destroyed.

Investigation of Cause Ordered
Washington, May 3.—A complete investigation into the cause of the mysterious fire that swept the roof of the United States capitol early today and caused damage estimated at \$50,000 to \$100,000 was ordered today by treasury officials.

Secret service detectives will aid in the inquest into the blaze which was the second in the treasury building within recent months.

Police believe fire started by a kerosene burner in the drafting room, and that explosion of chemicals in the blue print room hurled the flames in all directions.

Obituary

Mrs. Hanna Sophia Erickson was born in Finland, Dec. 1, 1870. She came to this country, direct to Brainerd in 1904, where she has made her home ever since. She was married to Charles Erickson in 1900 and this union was born two children, Carl Enard and Ellen Sofia. Mrs. Erickson has been suffering the last years with inflammatory rheumatism, and this winter contracted pneumonia and pleurisy. After much and long suffering, the end came, and at 6:30 p. m. on Friday, April 28 her soul departed in peace. She died at the age of 51 years, 5 months and 28 days, mourned by her husband, two children, her mother, one brother and two sisters in Finland, four brothers in America and a host of relatives and friends.

The funeral was held from the home at 2 o'clock on Monday, May 1 and 2:30 at the Clara Lutheran church, of which she was a member. Rev. J. E. Erlander officiated. Her remains were laid to rest at Evergreen cemetery.

CLARA LUTHERANS TO RAISE \$8,000

Church to Make an Appeal During the Week of May 7 to 14, Dr. J. E. Erlander Chairman

TEAMS FOR SAME ARE NAMED

Of Amount to be Raised, \$2,000 Will Be Given to Gustavus Adolphus College, St. Peter

A preparatory meeting for a drive to be conducted during the week of May 7-14, to raise \$8,000 was held Tuesday night at the Clara Lutheran church, Dr. J. E. Erlander, pastor of the church, acting as chairman.

At the meeting plans for conducting the drive were perfected. A committee consisting of seventeen men has been elected and will have charge of the drive. The plan is to call upon every member of the congregation during the week of May 7-14, and it is hoped that the total amount will be reached by the end of the week.

Of the eight thousand dollars to be raised, two thousand dollars will be given to Gustavus Adolphus College, St. Peter, Minn., as the congregations share toward the \$500,000 now being raised for the college within the Minnesota Conference to which the local congregation belongs. A donation of \$100,000 from The Rockefeller Educational Foundation has been received by the college on condition that a sum totaling \$500,000 be raised by the members of the Minnesota Conference before January 1923. The balance of the amount now to be raised by the congregation will be used for various purposes within the congregation.

The committee appointed to have charge of the drive are to work by teams. The following are members of the committee: C. G. Holmstrom, A. S. Peterson, Rudolph Lindberg, John Carlson, John Johnson, Andrew Nelson, Fred Molgren, P. A. Nelson, O. B. Johnson, Frank Swanson, Oscar Bergstrom, Aron Johnson, Eric Westberg, Bruno Olson, Walter Parson, Ed Wang and Harry Molgren.

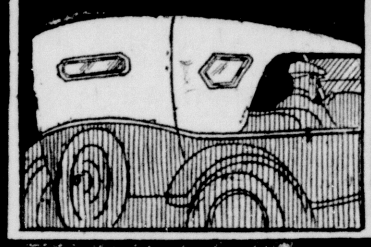

Z. L. Y. P. S. Meeting

The regular monthly meeting of the Zion Lutheran Young Peoples society will be held this evening May 3, at 7:45 o'clock. All members are asked to be present.

Annual Meeting

The annual meeting, church supper and roll call of the First Baptist church will be held Thursday evening at 6:30 o'clock. All members of the church and congregation are urged to be present. Let all new members be on hand. The election of officers will occur at this time and reports from various departments will be made.

BRAINERD DIVINES MET AT Y. M. C. A.

Plan on Great Open Air Service As Part of 50th Anniversary Celebration of City

REV. F. M. OHMS, PRESIDENT

Rev. A. Paulson Elected Vice President, Rev. J. E. Cadwell Named Secretary-Treasurer

The Brainerd Ministerial Association met Monday for its last regular session before the summer recess.

The business session was held in the Y. M. C. A. beginning at 10:30 o'clock. The association intends to hold a great open air service in Gregory park on a Sunday in connection with the 50th anniversary of Brainerd, at which a prominent out of town speaker will deliver the address.

The annual election of officers resulted in the following being elected:

Rev. F. M. Ohms of Zion Evangelical church, president.
Rev. A. Paulson of the Swedish Baptist church, vice president.
Rev. J. E. Cadwell of the Peoples Congregational church, secretary-treasurer.

After the business session, the ministers assembled in the parlors of the Methodist church where a delightful lunch was served by the ladies of the church.

At the fellowship meeting which followed, Rev. O. S. Winther presented a sermon and Rev. S. M. Kelly read a paper.

The pleasure of the occasion was enhanced by the presence of ministers from Aitkin, Crosby, Ironton, Backus, who responded with fitting remarks.

Arrangements are being perfected which will make it possible for all ministers in territory adjacent to Brainerd to participate in the benefits of the Ministerial Association.

ASSESSOR IS BUSY WITH CITY REALTY

Hugo A. Schwartzkopf, assessor of Brainerd, is busy with a double-barreled job this season. In addition to assessing personal property as usual, he will assess the realty of Brainerd.

Many new building have been put up and improvements made in Brainerd. In assessing to date, without taking into consideration the business section, north side from Bluff avenue and the third ward, Mr. Schwartzkopf found 150 new properties valued at \$124,710.

Norwegian-Danish Lutheran Ladies Aid

A luncheon will be given by the Ladies Aid of the Norwegian-Lutheran church at the church parlors on Thursday, May 4th from 4:30 and on. There will also be an apron sale. Come and look the aprons over.

Rated High all Over the World

Almost everywhere abroad—east or west—you will find a decided preference for the Hupmobile as representative of the best that America produces.

Why do foreign lands rate the Hupmobile so high? For precisely the same reasons it is rated high at home—its recognized value, its recognized ability, its low costs and its long life.

Most of all, perhaps, for its splendid self-reliance, which makes the Hupmobile a favorite for travel through wild and sparsely settled regions.

It is this quality of self-reliance which above all its other remarkable attributes, has won the lasting admiration of motor car buyers everywhere.

GERMANY'S BOOTY IN U. S.

SOMETHING of a sensation has been caused by the announcement in Eastern papers that while Germany is whining that she is unable to meet reparations payments, and is seeking a billion dollar international loan, she in the meantime is buying for gold in the United States more than she ever bought from us in her entire history.

Official facts and figures have revealed this anomalous state of affairs, much to the surprise of everyone. In 1914, when the World war broke out, Germany purchased the "peak" total of \$344,797,267 worth of raw materials and manufactured products in America. In 1921 the German purchasers here reached the record total of \$372,325,232. At the recorded monthly rate of her purchases thus far in 1922, Germany is likely to buy on an even heavier scale this year. It is declared that she is today taking about one-half of America's entire export of copper. These facts and figures we find in the Public Ledger-Duluth Herald Washington Service.

It is natural that, as German trade operations in the United States have been steadily increasing during the last two years, wonder has grown as to the source of such vast purchasing power. The question was, where did Germany get the money? This question has been answered. According to the Herald correspondent German revenue for buying purposes in this country is derived from the sale of almost countless billions of worthless German mark currency. Fabulously large gold credits have been established, against which Germany is able to draw for commodity purchases.

Washington officials are, of course, unable to give the exact amount of booty the Germans have acquired, but roughly estimate it at not less than \$900,000,000 and say it may total as much as \$1,500,000,000. The par value of the German mark is a fraction over 22 cents, but is now worth less than one cent. It is no wonder, therefore, that the sale abroad of German paper marks, and mark securities, was designated by Prof. Cassell, a distinguished Swedish economist participating in the Genoa conference, as "the greatest swindle in history."

There are always people to be found who can be induced to invest in "gold brick" or "wild cat" schemes of the most improbable character. The purchasers of these worthless German marks probably consist of two classes, however, those who invest as a gamble or speculation, and people of German birth or German descent, and other German sympathizers, who sincerely desire to assist in the rehabilitation of that country.

"THE TRUTH ABOUT HENRY FORD"

A STATEMENT to the effect that Henry Ford had donated to the United States Treasury approximately \$29,000,000 in war profits appears in a biography of Mr. Ford, entitled, "The Truth About Henry Ford." This surprising statement at once attracted general attention, and an investigation by Treasury officials followed, which proved conclusively that Ford had returned no war profits or any sum whatever to the government.

Replying to Secretary Mellon's request for an explanation of the statement, the Detroit manufacturer's secretary wrote that Mr. Ford disclaimed all responsibility for the statement as to alleged reimbursement of the government. In other words he practically acknowledged that he did not donate his war profits to the government, as asserted by his biographer.

From this it would appear that "The Truth About Henry Ford" is not an infallibly truthful biography. But we doubt very much if Mr. Ford will have a slip labeled "Errata" inserted at the title page of the book explaining that he did not donate \$29,000,000 war profits to the government, as asserted by his biographer on such and such a page, but retained them. Nor do we believe that he will still turn in the \$29,000,000, and thus make the error nothing more serious than one of time. Notwithstanding Mr. Ford's explanation, however, the public is not yet prepared to believe that the author of the book would make such an important statement in Mr. Ford's biography without obtaining such information from that gentleman.

VETERANS APPOINTED POSTMASTERS

THE ANNOUNCEMENT of the Postoffice Department that 600 veterans of the World war had been appointed postmasters in the past year, indicates another way in which the government is taking care of the one-time service men. This is considered a remarkable record, particularly because the veterans had no previous postoffice experience, and a large number of them no business experience of any kind. It goes to show that the Harding administration is not unmindful of the great service rendered the nation by the boys who fought so valiantly to "make the world safe for Democracy."

SECRETARY OF COMMERCE HOOVER announces that the famine situation in Russia has improved to such an extent that it may not be necessary to use all of the \$20,000,000 appropriated by Congress for relief. Mr. Hoover is head of the American Relief Administration. The work already done by Americans in Russia, he told the Cabinet, has broken the back of the famine.

NOTING the single track mind collisions in which McCombs, Harvey, House, Lansing, Garrison, Tumulty, and lately Reed, were the victims, the Pittsburgh Gazette aptly remarks that "to be an intimate friend of Woodrow Wilson is perilous."

Every discovery made by man has potential usefulness, though it may be useless when discovered and for years following.

Loaves in an Acre of Wheat.

An acre of wheat should average thirty-six bushels. This would produce 1,595 pounds of flour, equaling 2,146 pounds of bread—that is 541 four-pound loaves. This would provide for a family of six for a year.

'WILD MAN' ARRESTED AS MURDER SUSPECT

The "wild man," who claims he is Roy Hecox, was arrested in Pennsylvania last week, as a suspect for the murder of a constable committed 22 years ago. His ten years' growth of beard, will be shaved off to determine whether he is the guilty person. He says that he is a member of a church that is opposed to shaving. The bearded individual seems to be a man of education while the mountaineer accused of the crime more than a score of years ago could only speak broken English and was without a vestige of education.

ANOTHER BRAINERD CASE

It Proves That There's A Way Out for Many Suffering Brainerd Folks

Just another report of a case in Brainerd. Another typical case. Kidney ailment relieved in Brainerd with Doan's Kidney Pills.

Hans Anderson, 502 Norwood St., says: "I caught a cold while at work and my back started paining. I noticed it first when I stooped to shovel some coal. I got such a sharp catch in my back I thought I had been hit. From then on I had a steady ache and pains in my back and I felt sore and stiff in the morning. My kidneys acted unnaturally and between all these symptoms I was feeling pretty badly. I tired easily and was usually all in before the day was over. I got a supply of Doan's Kidney Pills at Dunn's Drug Store and after using them a short time I was rid of these pains and the kidney disorder."

Honey and Wax in Church Ritual.

Honey and wax were early believed to have medicinal and magical properties, and were, of course, used for sacrificial purposes. Their ritual value is apparent also in the Christian cult, for honey was formerly given to babies during baptism, and the tapers in churches today are supposed to be of pure bees' wax.

Argue Express Rates

Bismarck, May 3.—North Dakota's intrastate express rate will be argued again today before the Interstate Commerce commission in Washington, D. C. The American Railway Express company is asking a 12½ per cent increase to conform to the interstate rates. The company claims that 35 per cent of its business in North Dakota is intrastate.

Two previous hearings were held before the Interstate Commerce commission after the North Dakota railroad commission denied the increase. No decisions were given.

FORMER ST. CLOUD MAYOR IN CITY

P. J. Seberger Motored from St. Cloud to Brainerd Wednesday Morning. Roads are Fine

EXAMINED PAVING IN BRAINERD

Is a Prominent Member of the Court of Honor Fraternal Society, State Meeting Set in St. Cloud

P. J. Seberger, former mayor of St. Cloud, was in the city with Peter J. Benolken, District Deputy of the Court of Honor, and both were highly pleased with the city. They motored here in the latter's car and said the roads were in excellent condition.

Mr. Seberger has always been interested in all municipal problems and is a firm supporter of cement paving. He examined Brainerd cement paving at South Seventh street between Laurel and Maple streets that has been in for over 14 years. He also looked at the new stretch of paving on Front street recently laid. The fill offered new ideas and he examined it closely to see how paving held up on such a foundation. The repair work done by Brainerd last year was inspected by Mr. Seberger.

Mr. Seberger has always taken a deep interest in parks and has assisted to extend St. Cloud's parkway system.

The former mayor is a prominent member of the Court of Honor fraternal insurance association which on May 11 will entertain the state convention at the armory in St. Cloud. A class of 100 candidates is to be initiated. Supreme officers of the society are expected to be in attendance.

Brainerd Court of Honor elected its recorder John A. Hoffbauer as a delegate and W. E. Corkrey, chancellor, as alternate.

"MAY DAY" DANCE PROVED ATTRACTIVE

Voted by All Present at American Legion Function as a Pronounced Social Success

SPLENDID MUSIC A FEATURE

Andy Gieriet Headed the Arrangements Committee Which Covered Itself With Glory

The "May Day" dance given by the American Legion of Brainerd at Elks hall was both a financial success and a decided social success. Dick Johnson, who handled the decorating, made a regular splash with crocuses. Every lady and gentleman at the dance were given crocuses and in addition they were lavishly used in decorating the hall.

The Risberg six-piece orchestra furnished splendid music and were liberal with their encores. The "May Day" dance was thoroughly enjoyed by all and so many favorable comments were made that all present hope another may be given soon.

The general arrangements committee was composed of Andy A. Gieriet, chairman, and Dick Johnson, M. W. Jorgens, James Molgren, Harry Fullerton, Eric Bruhn, R. E. Bemmels and Fred Sargent.

OCCUPY FIRST LINE SEATS

Battalion of "Brainerd Dispatch" Newsboys Enthused Over the Classic Presented

Kids love to see other kids in action and when "Penrod" in which Freckles Barry stars, came to town, Manager A. W. Force of the New Park theatre and City Editor Hoffbauer of the Dispatch thought it a good plant to have a theatre party and accordingly invited the whole newsboy force of the Brainerd Dispatch to see the show.

The newsboys will form at the Dispatch for the first show at 6:45 p. m. and be seated in the first row of seats, main floor, before the curtain rises at 7 p. m.

"Penrod" is just full of juvenile enthusiasm. In addition to the principal roles of Penrod and his chums, Marshall Neilan, the producer, got 40 of Hollywood's children as extras in various scenes.

It's a clean, wholesome film and the fun is contagious. Don't imagine that kids alone are interested in this show. Adults will be just as pleased to see it and in that it resembles the great American circus where dad always takes the children and is also very glad of such an excuse to go himself.

DISABLED VETS GATHER TUESDAY

A most enjoyable meeting of the D. A. V. W. W. was held Tuesday evening at the World War Veterans club rooms.

A large number turned out for the meeting and much business of importance was taken care for the benefit of the disabled ex-service men. Much discussion took place as to ways and means to better conditions for the disabled veterans also to assist those who have not yet made known their troubles which in many cases are due to their army service.

Commander Franz R. N. Anderson expressed his desire that all ex-service men desiring information regarding their claims should attend the meetings which are held on the first and third Tuesday of every month. "We are anxious to co-operate and assist in every way possible to give help to those who are entitled to same," said Mr. Anderson. "We expect every man who is a member to attend these meetings and at least give us the support which is necessary to carry on this good work," said Commander Anderson.

Refreshments were served those attending by a visiting member from the Chapter from Minneapolis. All those present voted it to be one of the best meetings held yet.

Uncle Eben.

"Some folks," said Uncle Eben, "kin fall down on their promises in a way dat makes you apologize foh puttin' 'em to de trouble of explainin'."

BREAKS up FEVER

A chiropractor would rather get a fever case than anything else. Why? Because it is a common thing for fevers to break up after one or two adjustments have been given.

Fever is excessive heat brought about by certain subluxations; as soon as the subluxations are adjusted and Nature can work normally again, the fever disappears.

Secret Society Starts Screams in "Penrod"

To thousands of men who are still young enough to remember the capers and secret societies of their boyhood there is a delicious treat coming in Marshall Neilan's presentation of "Penrod." Marshall Neilan's latest First National attraction which will be shown at the New Park tonight and Thursday.

"Penrod" is the film adaptation of Booth Tarkington's inimitable boyhood creations and the presentation at the New Park theatre marks the first screen appearance of Penrod in one complete film. The picture furnishes a vivid reminder of boyhood days, with its opening scenes taken in the headquarters of the American Boys Protective association.

This is a secret society of which Penrod is a charter member and president. It has its headquarters in a cave dug into the ground and enlarged to provide kneeling room for the thirty disciples of the freedom of American boys. The organization has "in-shinashions," "symbols," "grips" and the typical black crossed bones of all secret societies and pirates.

Deep Human Story

Besides a number of the most thrilling scenes ever flashed on the screen, including a flood that sweeps a village to destruction, "The Call of Home," an R-C production, which will be shown at the New Park Friday and Saturday, presents a story of deep human interest that will appeal to all classes of theatregoers.

The story briefly is as follows:

Two boys, Gerry Lansing and Alan Wayne, are brought up together at Red Hill, the summer home of their people. Gerry, who has wealth, becomes a futile, high-living, conventional repetition of the man of his class, following the traditions of his family and falling into a lethargy of effortless living. He marries Alix, a beautiful, frivolous woman whom he soon ceases to interest.

Alan plays fast and loose with his guardian's money (which he supposes is his own) and wins the affection of the many women who please his fancy. Alan always has fascinated Alix, and they drift from flirtation to infatuation. Gerry grows jealous and Alix leaves him to go to Alan. She changes her mind before the train starts, however, and goes home.

Gerry, supposing that Alan and Alix have eloped, takes a ship for Pernambuco, leaving no trace of his whereabouts. There he becomes entangled with a Spanish girl, who rescues him when he is flung from his canoe, and they settle down to the crude life of the wilderness.

"The Sheik" Closes Run at Lyceum Tonight

The festival in the gambling casino in Baskra, on the edge of the Sahara desert, at which Sheik Ahmed Ben Hassam, is holding a fete and where he for the first time meets Diana Mayo, a proud and haughty English tourist, whom he decides to kidnap and enslave.

The attack on the caravan in the desert and Diana's capture by the Sheik who carries her to his distant desert camp.

Diana, when riding in the desert with an escort seeks to escape, but her horse falls and breaks a leg. A caravan appears in the distance, that of Omair, a bandit chief, and she is about to entrust herself to his custodianship, when the Sheik appears and

escorts her back to the camp.

When Diana and Saint Hubert, a Parisian friend of the Sheik's, are riding in the desert, they are attacked by Omair. Saint Hubert is wounded and Diana captured and carried off by the bandit.

The Sheik and his tribesmen attack Omair's camp and the Sheik engages the bandit chief in battle. The Sheik is wounded and Omair slain by the former's lieutenant. Diana is rescued after a thrilling battle.

Diana nurses the Sheik devotedly, but on recovering, he treats her coldly and announces his intention to send her back to Biskra.

Diana proves her love and begs him not to send her away. The Sheik takes her to his arms and admitting himself an American, they plight their troth and some days later start for civilization on the first lap of their honeymoon trip.

Swedish Pictures at Lyceum Tomorrow

The Swedish motion pictures entitled, "Sweden, in Summer and Winter," produced by the Palladium Film Co., of Stockholm, will be shown at the Lyceum Thursday afternoon and night. These pictures, which were recently shown at the Auditorium in Minneapolis, takes the spectator to Sweden for two hours and is a true pictorial of the throbbing national vitality as it is today.

NOTICE

To the Lot Owners of Evergreen Cemetery Association:

Owing to the fact that there are many lot owners in Evergreen Cemetery that have neglected to pay for the care of their lots for the past season, and several for the past two or three seasons, the Committee in charge have decided and so ordered that no work whatever will be done on any lot that has charges against it, hereafter, until all charges are paid. And the committee on grounds have decided that all persons who desire to have their lots cared for, during the coming season, must list them with the Secretary, J. T. Sanborn, of the Probate Court, and pay for same in advance. No orders will be taken at the Cemetery as heretofore.

The care of lots will be the same as last season, full lots, \$5.00 and half lots \$3.00. On or before the first day of May, 1922 a perpetual care contract will be issued for \$100.00 and after May 1st, 1922, \$150.00.

FORD

Serves You BEST

We take great pleasure in announcing that we are now in position to offer the people of Brainerd and Crow Wing County **FORD CARS, TRUCKS and TRACTORS** on the same terms that the large city dealers are offering, namely, **33 1/3% down, 40% down or 50% down; 6, 8, 10 or 12 months time on the balance.**

You will eventually own a Ford, why not act now? It is **your** fault if you struggle along without a car. Of course, your neighbor or friend may take you out occasionally, but if you want to enjoy living, enjoy your family, save doctor bills and enjoy our wonderful outdoor summer, buy a car.

Our terms are now such that it is your fault if you are Ford-less.

You profit most in owning a Ford because it serves the Best.

We can make prompt delivery—Act Now

Knew What She Wanted.

An Indianapolis bookseller repeats this conversation between herself and a woman customer:

"Say, I want to get a book for my husband."

"What kind of a book?"

"Well, I hardly know."

"A book of travels?"

"No."

"A love story?"

"Nothing like that."

"A book of science?"

"No, nothing on science."

"A book on adventure?"

"No."

"You don't want fiction, then?"

"Yes, yes, that's it. I want a book on fiction."

Something to Praise.

"You don't seem to think much of my car," said the owner of a dilapidated flyver.

"I wouldn't say that," replied the tattered garage man. "What do you call this contraption here on the front of your radiator?"

"That's a figure of Mercury. I bought it for an ornament."

"Well, now, that's about as neat a piece of work as anything I ever saw."
